Foreign Tourists

Recently, many foreign tourists have come to Japan to enjoy the beautiful scenery as well as to visit historical places such as temples and shrines. They can learn about Japanese culture and experience the natural beauty of Japan by visiting local areas that are not popular, even among Japanese people. Tourists share information on social media about these areas, and by doing so they can bring some benefits to local people. More jobs are created for the local people.

Your story should begin with this sentence:

One day, Mr. and Mrs. Sasaki were talking about their trip to England.
